## District of Columbia

---

### District of Columbia Board of Psychology

Office of Professional Licensing  
825 North Capitol Street, N.E., Suite 2224  
Washington, DC 20002  
Phone: (202) 442-4761 Fax: (202)442-9431

### Statutory Authority

Type of Statute:	Licensure law
Statutory Reference:	D.C. Health Occupations Revision Act of 1985, D.C. Code §2.3301-2.33
Rules and Regulations:	D.C. Municipal Regulations, Title 17, Chapter 69
Board Composition:	5 members who serve 3-year terms, appointed by mayor with advice and counsel of D.C. Council: 4 psychologists and 1 consumer member

---

### Scope of Practice

"Practice of psychology" means the application of established scientific methods and principles, including the principles of psychophysiology, learning, perception, motivation, emotions, organizational and social behaviors for the purpose of understanding, assessing, treating, explaining, predicting, preventing, or influencing behavior; the application of psychological methods and procedures for interviewing, counseling, psychotherapy, including behavior therapy, behavior modification, behavior medicine, or hypnotherapy; or the application of psychological methods or procedures for constructing, administering, or interpreting tests of intelligence, mental abilities and disorders, neuropsychological functioning, aptitudes, interests, attitudes, personality characteristics, emotions, or motivations.

*D.C. Code §2-3301.2(16)(A)*

---

### Professional Mobility

Reciprocity:	No reciprocity agreements
CPQ:	Accepts Certificate of Professional Qualification in Psychology (CPQ). Applicant must take jurisprudence exam.
Endorsement:	May license without examination if licensed in another state and requirements are substantially equivalent.
Waiver of EPPP:	Waives EPPP for ABPP diplomate; must take jurisprudence exam. Waives EPPP for National Register listed member.
Temporary Licensure:	Temporary licensure not available, but applicant for licensure may work under supervision while awaiting licensure.

**Special Situations:**

A psychologist licensed in another jurisdiction who is consulting in the District on a limited basis, serving in an emergency relief capacity or testifying as an expert witness may practice for not more than 30 days without a DC license.

### Scope of Practice

"The practice of psychology", rendering or offering to render professional service for any fee, monetary or otherwise, to individuals, groups of individuals, organizations or members of the public which includes the observation, description, evaluation, interpretation, and modification of human behavior, by the application of psychological principles, methods and procedures, for the purpose of assessing or effecting changes in symptomatic, maladaptive or undesired behavior and issues pertaining to interpersonal relationships, work and life adjustment, personal effectiveness and mental health. The practice of psychology includes, but is not limited to, psychological testing, assessment and evaluation of intelligence, personality, abilities, attitudes, motivation, interests and aptitudes; counseling, psychotherapy, hypnosis, biofeedback training and behavior therapy; diagnosis and treatment of mental and emotional disorder or disability, alcoholism and substance abuse, and the psychological aspects of physical illness or disability; psychoeducational evaluation, therapy, remediation and consultation. Psychological services may be rendered to individuals, families, groups and the public. For purposes of this definition, the practice of psychology does not include the teaching of psychology, the conduct of psychological research, or the provision of psychological consultation to organizations, unless such teaching, research or consultation involves the delivery or supervision of the types of direct services described above to individuals or groups of individuals.

*Annotated Laws of Massachusetts, Chapter 112, §118.*

---

### Scope of Practice

"Practice psychology" means to provide to any person:

- (i) Any service for compensation involving the application of psychological principles, psychological methods, or psychological procedures for understanding, predicting, or influencing behavior, including the principles that relate to learning, perception, motivation, emotions, organizational relationships, and interpersonal relationships;
- (ii) Any service for compensation involving the application of psychological methods or psychological procedures for interviewing, counseling, psychotherapy, behavior modification, or hypnosis; or
- (iii) Any service for compensation involving the application of psychological methods or psychological procedures for constructing, administering, or interpreting tests of mental abilities, neuropsychological functioning, aptitudes, interests, attitudes, personality characteristics, emotions, or motivations.

"Practice psychology" includes:

- (i) The application of psychological principles and psychological methods in the diagnosis, prevention, treatment, and amelioration of psychological problems, emotional conditions, or mental conditions of individuals or groups;
- (ii) The use of psychological methods to assist an individual in acquiring greater human effectiveness or to modify feelings, conditions, attitudes, or behavior that is emotionally, intellectually, or socially ineffectual or maladjusted; and
- (iii) The use of biofeedback instruments that do not pierce or cut the skin to measure physical and mental functioning.

*Title 18, §18-101(e)(1) and (2), Annotated Code of Maryland*
